| Expand School Bookkeeper from 11 to \$2,391 12 Months  Eliot  Fris request on the work year of the 10-month secretary companion assignment.  This request is for a 1.0 FTE Teaching Assistant to staff an expected five sections of Kindergarten in FY24. This request would increase the number of Kindergarten TAs from 4.0 FTE to 5.0 FTE.  Based on preliminary enrollment data, 26 sections are needed to support an expected enrollment of 543 students, which is an increase of 1.0 FTE over current staffing levels.  Currently, SWES has been granted a temporary increase of 0.2 FTE this school year in order to support the counseling needs of students. This 0.2 FTE was previously funded through COVID relief funds during SY 2020-21 and SY 2021-22.  |                      |   |                 | · · ·  |

|          | Adjust Elementary       |                 | minutes 1 time per week, to 40 minutes 2 times per   |
|          | Wellness Teacher FTE    | Newman          | week. For this reason, we request an increase of 0.33  |
| \$20,211 | for Enrollment          | Wellness        | FTE at Newman to 8.68 FTE district-wide.   |
|          |                         |                 | The cost of medical supplies has increased by 13.5%  |
|          |                         |                 | over two years, per the Health Research Institute. In  |
|          |                         |                 | order to continue to stock health offices with supplies,   |
|          | Additional Funding for  | Elementary      | and over-the-counter medications, additional funds are   |
| \$473    | Medical Supplies        | Nursing         | needed.  |
|          |                         |                 | This is a new request for a 1.0 FTE Speech and   |
|          | Full-Time Speech and    |                 | Language Pathologist Assistant (SLPA) to provide   |
|          | Language Pathologist    |                 | direct Speech and Language services across schools   |
|          | Assistant for Mitchell, | Elementary      | where the caseloads have exceeded capacity Mitchell  |
| Φ42.20¢  | Newman, and             | Special         | (caseload 41), Newman (caseload 42), and   |
| \$43,206 | Broadmeadow             | Education       | Broadmeadow (caseload 40).   |
|          |                         |                 | This request will allow for the musical accompanist wage rate to be increased from the current \$23.08 per |
|          |                         |                 | hour to \$30.00 per hour. This District currently budgets  |
|          |                         |                 | for 868 hours of accompanists District wide each school  |
|          |                         |                 | year. Accompanists are an essential component to the   |
|          |                         |                 | Performing Arts curricular program and events. In  |
|          |                         |                 | recent years, the Department has been facing hiring  |
|          |                         |                 | challenges and difficulty with staff retention in this area.   |
|          |                         |                 | des une différent y mais une   |
|          |                         |                 | In a comparison of accompanist rates of surrounding  |
|          |                         |                 | districts, Needham has one of the lowest hourly rates for  |
|          |                         |                 | accompanists. This rate increase will help to make the   |
|          | Accompanist Rate        | Elementary      | Needham accompanists positions more competitive and  |
| \$3,420  | Increase                | Performing Arts | desired.   |
| -        |                         |                 | The Science Center requests funds for the ongoing cost   |
|          |                         |                 | of digital licenses associated with the culturally   |
|          |                         | Elementary      | responsive curriculum resources purchased in FY22 for  |
| \$4,500  | Digital Licenses        | Science Center  | Grades 1 and 5 (from TCI).   |
|          |                         |                 | This request is the third of three annual requests for   |
|          |                         |                 | \$200,000 to fund the replacement of digital learning  |
|          | Replacement Digital     |                 | devices (DLDs) purchased during the COVID-19   |
|          | Learning Devices (Year  | All Schools     | Pandemic for elementary students and other staff   |
| \$62,500 | 2 of 3)                 | Technology      | members. These devices, including iPads and laptops,   |

|           | T                       | T                 |  |
|-----------|-------------------------|-------------------|--|
|           |                         |                   | were purchased in FY21 from federal Coronavirus  |
|           |                         |                   | Relief (CvRF) grant funds. In order to maintain and  |
|           |                         |                   | replace this equipment on an ongoing basis, the District   |
|           |                         |                   | requires a significant increase to the technology budget.  |
|           |                         |                   | In FY24, when the new devices will reach the end of  |
|           |                         |                   | their 3-5 year useful life, the annual replacement cycle   |
|           |                         |                   | cost per year for DLDs and laptops will be \$1,216,646.  |
|           |                         |                   | In FY21, the Technology Department had \$625,000 to  |
|           |                         |                   | support replacement of these devices, creating an  |
|           |                         |                   | approximate \$600,000 funding gap. To bridge the gap,  |
|           |                         |                   | the Department proposed a three year plan to request the   |
|           |                         |                   | necessary funds of 200,000 per year. In FY22,  |
|           |                         |                   | \$200,000 was appropriated in first year funding. An   |
|           |                         |                   | additional \$100,000 (of a \$200,000 request) was funded   |
|           |                         |                   | in FY23, followed by a similar, planned request in   |
|           |                         |                   | FY24. The FY24 request for \$350,000 includes  |
|           |                         |                   | \$300,000 in planned replacement cycle funds plus an   |
|           |                         |                   | anticipated \$50,000 to cover the expected increase in the   |
|           |                         |                   | cost of these devices. If approved, the full \$650,000   |
|           |                         |                   | would be appropriated to the school budget by FY24 for   |
|           |                         |                   | ongoing use.   |
|           |                         |                   | The State recently adopted new legislation requiring   |
|           |                         |                   | districts to assess students in reading twice a year. The  |
|           |                         |                   | Early Bird Screener allows districts to monitor students'  |
|           |                         |                   | progress in reading and evaluate core program and  |
|           |                         |                   | interventions. The Early Bird Screener was administered  |
|           |                         |                   | in Kindergarten during the 21-22 school year. A budget request was submitted for the 22-23 school year for 1st |
|           |                         |                   | grade students; however, the request was deferred and  |
|           |                         |                   | grants were used to supplement the cost. To continue the   |
|           | Reading Screener for    | K-8 Reading       | screening in Grade 2, additional budget funds are now  |
| \$11,000  | 1st and 2nd grade       | Instruction       | needed to support the cost of the subscription software.   |
| Ψ11,000   | 1st und 2nd grude       | mstruction        | This request will fund additional string teachers to   |
|           |                         |                   | support and growing enrollment trends in the   |
|           |                         |                   | Elementary String Program and a disparity in student   |
|           |                         |                   | experience and instructional minutes that exist between  |
|           |                         |                   | the Band and String Programs. This request will provide  |
|           |                         |                   | for a student experience that is pedagogically   |
|           |                         |                   | appropriate, within reasonable class size limits, and will   |
|           | Part-Time Elementary    | Elementary        | allow for a parallel structure between the Band and  |
| \$17,972  | String Teacher          | Performing Arts   | String Programs to be implemented.   |
|           | _                       |                   | This request is to increase a District-wide Physical   |
|           |                         |                   | Therapist from a 0.91 FTE to a 1.0 FTE position, the   |
|           |                         |                   | additional support from which would be allocated to the  |
|           |                         |                   | Preschool. This increase is needed to ensure IEP   |
|           | Part-Time District      | Preschool Special | compliance with PT service delivery and address  |
| \$10,565  | Physical Therapist (PT) | Education         | caseload size.   |
|           |                         |                   | The Preschool will open a new classroom in SY2023-   |
|           |                         |                   | 24. The Preschool is experiencing a higher number of   |
|           |                         |                   | students requiring special education placements in both  |
|           |                         |                   | the integrated classrooms as well as the substantially   |
|           | A Full-Time Teacher     |                   | separate classrooms, including the ILC. Currently, there   |
|           | and Two Part-Time       |                   | are 16 remaining classroom placement slots available   |
|           | Special Education       |                   | for this year and 18 active referrals. Referrals from  |
|           | Teaching Assistants For | Duncal and Court  | Early Intervention only include those received with birth  |
| ¢100 220  | New Preschool           | Preschool Special | dates up through February, indicating when students  |
| \$122,332 | Classroom               | Education         | will turn 3 becoming eligible for special education. This  |

|               | T                           |   |   |
|---------------|-----------------------------|---|---|
|               |                             |   | means that additional referrals from Early Intervention   |
|               |                             |   | as well as any other referrals made by families or staff  |
|               |                             |   | members could further increase the need for special       |
|               |                             |   | education placements beyond program capacity this year    |
|               |                             |   | and beyond.   |
|               |                             |   |   |
|               |                             |   | This request includes a full-time teacher and two SPED    |
|               |                             |   | teaching assistants at 0.8 FTE each to support the new    |
|               |                             |   | classroom.  |
|               |                             |   | The request is to fund a full-time FTE temporary          |
|               |                             |   | Program Specialist position at the Preschool ILC. This    |
|               |                             |   | position assists the ILC Special Education Liaison with   |
|               |                             |   | carrying out IEP direct services, program coordination,   |
|               |                             |   | data collection, behavior management, and other aspects   |
|               |                             |   | of the ILC program. This position was temporarily         |
|               | Expand Part-Time            |   | added this school year given the number of students in    |
|               | Preschool Program           | Preschool Special                       | the program and level of need, and should continue on a   |
| \$49,679      | Specialist to Full-Time     | Education                               | permanent basis.  |
|               |                             |   | This request is to increase the school psychologist       |
|               |                             |   | support at the Preschool by 0.6 FTE. The Preschool has    |
|               |                             |   | seen an increased need for psychological evaluations,     |
|               |                             |   | observations, parent teacher consults, and counseling     |
|               | Part-Time Preschool         | Preschool                               | service delivery. The Preschool psychologist serves two   |
| \$68,118      | Psychologist                | Psychology                              | roles – as psychologist and as school counselor.          |
| + = = , = = = |                             |   | The Preschool Speech Pathologist is responsible for       |
|               |                             |   | direct services, evaluation, assistive technology         |
|               |                             |   | management and consultation, and IEP development. A       |

#### **Description:**

The middle school summary includes the following departments and accounts: the High Rock and Pollard School building budgets; and middle-level expenses from the following departments: Professional Development; Substitutes; Curriculum Development; General Supplies, Services and Equipment; Reading; Math Instruction; Guidance and Psychology; Health/Nursing; Special Education; the Science Center; Educational Technology; Media and Digital Learning; Health and Physical Education; Fine and Performing Arts; and World Languages.

#### **School Committee Budget Recommendation:**

The School Committee's middle school level budget recommendation totals \$18,301,631, an increase of \$985,718 (5.7%) from FY 2022/23. This request includes a baseline budget of \$18,029,646, plus \$271,985 in net additional funding requests, which are detailed below. The \$18,029,646 baseline budget increases \$713,733 over the FY 2022/23 budget amount and is entirely composed of salary base changes (including steps, lanes, and cost of living adjustments).

Olivia Yu, Fractured Values Drawing, High Rock School, Art 6

The School Committee's FY 2023/24 budget recommendation includes the following net additional funding requests:

#### **Level Service Budget Increases:**

| Item      | <b>Request Title</b> | School /        | Description  |
|-----------|----------------------|-----------------|--|
| Amount    |                      | Department      |  |
|           | Continue High        | High Rock K-8   | Since FY22, the High Rock school has employed a 0.6 FTE              |
|           | Rock Literacy        | Reading         | literacy specialist position on a temporary basis to address student |
| \$37,482  | Specialist           | Instruction     | needs. This request is to formally fund the position in FY24.        |
|           |                      |                 | This new request is to add a second ILC classroom at Pollard         |
|           |                      |                 | Middle School to support the five (5) students who are anticipated   |
|           |                      |                 | to be moving up to ILC middle school and require a substantially     |
|           |                      |                 | separate classroom. This program will be be staffed by a special     |
|           |                      |                 | educator with the intensive special educator license and three (3)   |
|           | New Pollard          | Pollard Special | full-time teaching assistants in order to support the individual     |
| \$132,644 | ILC Classroom        | Education       | needs of the students entering the program.                          |

|          | I                |                 |  |
|----------|------------------|-----------------|--|
|          |                  |                 | The Pollard School runs lunches from 11am through 1pm, and for       |
|          |                  |                 | the past two years, has struggled to provide adequate staffing and   |
|          |                  |                 | supervision for student lunches. The vast majority of teachers       |
|          |                  |                 | choose to use this time as a reprieve to catch up on other work,     |
|          |                  |                 | which leaves few individuals available to help supervise lunch. As   |
|          |                  |                 | a result, the school has had to pull staff from other buildings and  |
|          |                  |                 | Central Office to cover lunch. This request is for two monitors to   |
|          | Part-Time Lunch  | Pollard         | cover lunches, similar to the staffing that currently exists at the  |
| \$15,985 | Monitors         | Substitutes     | High Rock School and Needham High School.                            |
|          |                  |                 | With population rising at Pollard and the need for all students to   |
|          |                  |                 | receive math instruction by a certified, highly qualified Math       |
|          |                  |                 | teacher, we are proposing to offer an additional section of small    |
|          |                  |                 | group math at 1.0 FTE for students in the Language Based             |
|          | Part-Time Math   | Pollard Special | Classroom as well as those who need smaller group instruction        |
| \$7,189  | Teacher          | Education       | per their IEP.   |
|          |                  |                 | Visual Art is a compulsory course at Pollard for all students. The   |
|          |                  |                 | next several years of enrollment predictions trend closer to 445     |
|          |                  |                 | students per grade, with the potential for even more students who    |
|          |                  |                 | may be moving into the District. These additional 70-90 students     |
| 1        | Part-Time        |                 | would require that 12 more sections of art be added to the existing  |
|          | Visual Art       |                 | schedule to maintain level service. This request would increase an   |
|          | Pollard Middle   | Pollard Visual  | existing permanent 0.1 FTE visual arts position at Pollard to a      |
| \$23,209 | School           | Art             | total of 0.5 FTE.  |
|          |                  |                 | The Pollard school nurses currently support the mental and           |
|          |                  |                 | physical health of 823 students. Pollard is projected to increase to |
|          |                  |                 | 891 students in FY24 and the level of ILC students will increase     |
|          |                  |                 | threefold next year. Pollard currently has 1.5 FTE permanent and     |
|          |                  |                 | 0.3 FTE temporary nurses for the 2022-23 school year. Consistent     |
|          |                  |                 | with the MA legislative report, "Options for Developing School       |
|          |                  |                 | Health Services in Massachusetts," the recommended nurse to          |
|          |                  |                 | student ratio is 1.0 FTE certified nurse in each building with 250-  |
|          |                  |                 | 500 students. In buildings with more than 500 students, 0.1 FTE      |
|          |                  |                 | can be added for each additional 50 students. According to the       |
|          |                  |                 | formula, Pollard should have 1.8 FTE nurses.                         |
|          |                  |                 |  |
| 1        |                  |                 | This request is to make a temporary 0.3 FTE nurse added during       |
| 1        | Part-Time        | Pollard         | the current school year permanent in FY24 to serve the students      |
| \$23,943 | Pollard Nurse    | Health/Nursing  | and families and meet the MA legislature guidance.                   |
| 1        |                  |                 | This request is the third of three annual requests for \$200,000 to  |
|          |                  |                 | fund the replacement of digital learning devices (DLDs)              |
| 1        |                  |                 | purchased during the COVID-19 Pandemic for elementary                |
|          |                  |                 | students and other staff members. These devices, including iPads     |
| 1        |                  |                 | and laptops, were purchased in FY21 from federal Coronavirus         |
|          |                  |                 | Relief (CvRF) grant funds. In order to maintain and replace this     |
| 1        |                  |                 | equipment on an ongoing basis, the District requires a significant   |
|          |                  |                 | increase to the technology budget.                                   |
|          |                  |                 | In FY24, when the new devices will reach the end of their 3-5        |
|          |                  |                 | year useful life, the annual replacement cycle cost per year for     |
| 1        |                  |                 | DLDs and laptops will be \$1,216,646. In FY21, the Technology        |
|          |                  |                 | Department had \$625,000 to support replacement of these             |
| 1        |                  |                 | devices, creating an approximate \$600,000 funding gap. To bridge    |
|          |                  |                 | the gap, the Department proposed a three year plan to request the    |
| 1        |                  |                 | necessary funds of 200,000 per year. In FY22, \$200,000 was          |
|          | Replacement      |                 | appropriated in first year funding. An additional \$100,000 (of a    |
| 1        | Digital Learning | All Middle      | \$200,000 request) was funded in FY23, followed by a similar,        |
|          | Devices (Year 2  | Schools         | planned request in FY24. The FY24 request for \$350,000              |
| \$25,000 | of 3)            | Technology      | includes \$300,000 in planned replacement cycle funds plus an        |

|         |               |                 | 1                             |
|---------|---------------|-----------------|---|
|         |               |                 | anticipated \$50,000 to cover the expected increase in the cost of  |
|         |               |                 | these devices. If approved, the full \$650,000 would be             |
|         |               |                 | appropriated to the school budget by FY24 for ongoing use.          |
|         |               |                 | This request will allow for the musical accompanist wage rate to    |
|         |               |                 | be increased from the current \$23.08 per hour to \$30.00 per hour. |
|         |               |                 | This District currently budgets for 868 hours of accompanists       |
|         |               |                 | each school year. Accompanists are an essential component to the    |
|         |               |                 | performing arts curricular program and events. In recent years, the |
|         |               |                 | Department has been facing hiring challenges and difficulty with    |
|         |               |                 | staff retention in this area.                                       |
|         |               |                 |   |
|         |               |                 | In a comparison of accompanist rates of surrounding Districts,      |
|         |               | Pollard         | Needham has one of the lowest hourly rates for accompanists.        |
|         | Accompanist   | Performing      | This rate increase will help to make the Needham accompanists       |
| \$1,368 | Rate Increase | Arts            | positions more competitive and desired.                             |
|         |               |                 | Health Services purchased two additional audiometers last year to   |
|         |               |                 | address the increase in enrollment and increased number of          |
|         |               |                 | students who must be screened at Pollard and the High school.       |
|         |               |                 | These audiometers need to be serviced annually, beginning in        |
|         | Audiometer    | Pollard Special | FY24. Hearing screening is required by Massachusetts State Law      |
| \$65    | Service       | Education       | 105 CMR 200.400.  |
|         | Additional    |                 | The cost of medical supplies has increased by 13.5% over two        |
|         | Funding for   |                 | years, per the Health Research Institute. In order to continue to   |
|         | Medical       | Pollard         | stock health offices with supplies, and over-the-counter            |
| \$230   | Supplies      | Health/Nursing  | medications, additional funds are needed.                           |
|         |               |                 | This request is to increase the sub rate in multiple categories to  |
|         |               |                 | remain competitive with our comparison communities. In              |
|         |               |                 | addition. the request proposes to pay retired teachers at the long- |
|         | Substitute    | Pollard         | term sub rate, as a way to incentivize retirees to become           |
| \$6,238 | Teacher Wage  | Substitutes     | substitutes.  |

| Item    | Request Title        | School /   | Description  |
|---------|----------------------|------------|--|
| Amount  |                      | Department |  |
|         |                      |            | High Rock students have requested a Gender Sexuality         |
|         |                      |            | Alliance (GSA) program, similar to what exists at Pollard    |
|         |                      |            | Middle School. The GSA provides a safe place for             |
|         |                      |            | students to meet, support each other, and talk about         |
|         |                      |            | LGBTQIA+ issues and experiences. High Rock currently         |
|         | GSA, Genders &       |            | runs a GSA with staff volunteers. This request would         |
|         | Sexuality Alliance   |            | enable High Rock to provide the same level of                |
| \$1,921 | Stipend              | High Rock  | programming as students receive at Pollard.                  |
|         |                      |            | Best Buddies and Unified Sports provide an opportunity       |
|         |                      |            | for the District's sub separate students to play sport and   |
|         |                      |            | engage with their peers. To run the program, Pollard needs   |
|         |                      |            | funds for staffing to be able to support non-verbal students |
|         | Pollard Best Buddies |            | and those with orientation and mobility needs. This          |
|         | Stipend Increase to  |            | request is to increase the Best Buddies stipend from a       |
| \$959   | Level II             | Pollard    | Category III to a Category II stipend.                       |

|          |                  |         | Consistent with the District's focus on using student        |
|----------|------------------|---------|--|
|          |                  |         | performance data to inform decision making and to foster     |
|          |                  |         | student growth, the NPS World languages Department           |
|          |                  |         | requests the adoption of the STAMP assessment                |
|          |                  |         | (STAndardized Measurement of Proficiency) by AVANT           |
|          |                  |         | for all 8th grade students. The STAMP is an adaptive test    |
|          |                  |         | will enable the department to measure students' linguistic   |
|          | STAMP Assessment |         | proficiency in reading, writing, speaking and listening at a |
| \$10,129 | for 8th Grade    | Pollard | mid-way point in their K-12 language acquisition journey.    |

### • \$13,009 Subtotal Program Improvement Expenses

### **Program Reductions:**

### **Description:**

The high school level includes the following departments and accounts: the High School's building budget, Athletics, and high school expenses from the following departments: Professional Development; Substitutes; Curriculum Development; General Supplies, Services and Equipment; Guidance and Psychology; Health/Nursing; Special Education; Translation & Interpretation Services; the Science Center; the English Language Learners (ELL) Program; Educational Technology; Media and Digital Learning; Health and Physical Education; Fine and Performing Arts; and World Languages.

#### **School Committee Budget Recommendation:**

The School Committee's high school-level budget recommendation totals \$21,532,755, an increase of \$1,133,976 (5.6%) from FY 2022/23. This request includes a baseline budget of \$21,140,046, plus \$392,709 in net additional funding requests, which are detailed below. The \$21,140,046 baseline budget increases \$741,267 over the FY 2022/23 budget amount and is entirely composed of contractual salary increases (including steps, lanes, and cost of living adjustments).

Shyla Pandy, Typographic Self Portrait, Needham High School, Design & Production 1

The School Committee's FY 2023/24 budget recommendation includes the following net additional funding requests:

#### **Level Service Budget Increases:**

| Item    | Request                                     | School /                                     | Description   |
|---------|---|--|---|
| Amount  | Title                                       | Department                                   |   |
| \$2,200 | Extempore                                   | Needham High<br>School World<br>Language     | Extempore is an essential online language acquisition app used in grades 7-12. The World Language department would like to purchase Extempore, to replace the DiLL Language Lab application previously used. The additional cost for Extempore is \$2,200.  |
| \$8,922 | Part-Time High<br>School Theater<br>Teacher | Needham High<br>School<br>Performing<br>Arts | This request is to add an additional semester course in Theater during SY 2023-24. Beginning in SY22-23 the FPA Department made changes to the curricular theatrical course offerings with great success as measured by increase in student enrollment. The FPA Department would like to be able to expand the theatrical |

|          |                     |              | curricular offerings at NHS in order to continue to meet student   |
|          |                     |              | interest and need.   |
|          |                     |              | AVANT is increasing the cost per unit of the STAMP World   |
|          |                     |              | Language assessment, which is given to 11 <sup>th</sup> graders, by three  |
|          | T                   | NI 11 11 1.  | dollars. The existing budget line, approved in FY23, is for  |
|          | Increase in Cost    | Needham High | \$6,965. The new annual running cost will be \$7992. Based on  |
| ¢1.027   | for STAMP           | School World | information provided by AVANT, the request for an additional   |
| \$1,027  | 11th Grade          | Language     | \$1,027 should sustain 11th grade STAMP testing into the future.   |
|          |                     |              | Students to Make A Difference (SAMD) puts on a yearly fall   |
|          |                     |              | musical to raise funds for a selected charity as their main mission.   |
|          |                     |              | A secondary goal of SAMD is to provide students access to a  |
|          | Students Asting     |              | variety of directors and styles each year. This stipend structure  |
|          | Students Acting     |              | would provide the appropriate resources to support students in   |
|          | to Make A           |              | this overall endeavor, help with successful recruitment of staff,  |
|          | Difference          | Noodham High | and provide a parallel structure that is in place for the NHS Spring   |
| ¢17.206  | Stipend             | Needham High | Musical. There are approximately 80-100 students involved in the   |
| \$17,286 | Restructure         | School       | SAMD musical annually.   |
|          | Expand 10-<br>Month |              | In the current year, a 10-month secretary position was created to support the English and Social Studies Departments to meet |
|          | Department          |              | departmental needs. The position was filled on an 11-month basis.  |
|          | Secretary to 11-    | Needham High | This request continues the 11-month assignment on an ongoing   |
| \$3,873  | Month               | School       | basis.   |
| ψ3,073   | 141011111           | SCHOOL       | The NHS English Department has a rich array of course offerings  |
|          |                     |              | available to students. Unfortunately, with our current staffing, we  |
|          |                     |              | are not able to offer many of our courses despite interest from  |
|          |                     |              | students each year during course selection. Courses such as Public   |
|          |                     |              | Speaking, Journalism, and other literature-based courses annually  |
|          |                     |              | have enough student interest to run sections, but we do not have   |
|          |                     |              | the teaching staff available to run them classes after we ensure the   |
|          |                     |              | full year courses required for graduation are properly staffed.  |
|          |                     |              | run yeur courses required for graduation are properly started.   |
|          |                     |              | Each year, we have over 100% of our students take a math class,  |
|          |                     |              | with many taking a course that fulfills their graduation   |
|          |                     |              | requirements and an additional course of their interest. The   |
|          |                     |              | English department could be providing the same rich experiences  |
|          |                     |              | for our students if we had the positions available to do so. The   |
|          | Part-Time           |              | request is for a 0.35 FTE position, which equates to two English   |
|          | English             | Needham High | electives, allowing us to run 4 different semester courses for our   |
| \$25,160 | Teacher             | School       | students.  |
| ŕ        |                     |              | For the last two years, the NHS Science Department Chair has   |
|          |                     |              | been teaching a section of Advanced Placement Biology. She   |
|          |                     |              | initially took on this course due to growing demand from students  |
|          |                     |              | and the need to provide another section of the class. The issue  |
|          |                     |              | with the course is that it is a double-block class to allow for time   |
|          |                     |              | to complete the lab work required of the college-level class.  |
|          |                     |              | However, the Department Chair requires time to supervise and   |
|          |                     |              | support the staff, in addition to teaching. This request is for a 0.2  |
|          | Part-Time           |              | FTE position to allow the Chair to teach just one class, without   |
|          | Science             | Needham High | cutting back on any classes available to our seniors interested in   |
| \$13,074 | Teacher             | School       | electives or in Advanced Placement classes.  |
|          |                     |              | The NHS Economics class has become one of our most popular   |
|          |                     |              | courses for seniors to take. It has steadily grown from a section or   |
|          |                     |              | two each year to now running five very full sections each year,  |
|          |                     |              | with more students interested. And those that do get into the  |
|          | Part-Time           |              | course are consistently noting what a helpful and powerful class it  |
|          | Social Studies      | Needham High | is for them to better understand the financial world around them   |
| \$27,398 | Teacher             | School       | and how to navigate it as effectively as possible - from their own   |

|          |  |  | this request is for a 0.3 FTE ELL teacher to increase the existing 0.7 FTE ELL Teacher to full-time.   |
|          | Audiometer   | Needham High<br>School                       | Health Services purchased two additional audiometers last year to address the increase in enrollment and increased number of students who must be screened at Pollard and the High school. These audiometers need to be serviced annually, beginning in FY24. Hearing screening is required by Massachusetts State Law   |
| \$65     | Service  | Health/Nursing                               | 105 CMR 200.400.   |
|          | Convert NHS Teaching Assistants to Part-Time Post Graduate |  | The NHS Post Graduate Program provides required special education services to eligible students ages 18-22 focused on preparing post graduate students for independent living and career opportunities. In response to the increased enrollment of students requiring post graduate services, a 0.5 FTE Special Education Liaison position was increased to full time in FY23 by temporarily reallocating 1.4 FTE Teaching Assistant positions.  |
| \$4,305  | Special<br>Education<br>Liaison                            | Needham High<br>School Special<br>Education  | This request is to permanently reallocate the 1.4 FTE teaching assistant positions to continue the full-time Post Graduate teacher position.   |
|          |  |  | This request will allow for the musical accompanist wage rate to be increased from the current \$23.08 per hour to \$30.00 per hour. This District currently budgets for 868 hours of accompanists each school year. Accompanists are an essential component to the Performing Arts curricular program and events. In recent years, the Department has been facing hiring challenges and difficulty with staff retention in this area.   |
| \$684    | Accompanist<br>Rate Increase                               | Needham High<br>School<br>Performing<br>Arts | In a comparison of accompanist rates of surrounding Districts, Needham has one of the lowest hourly rates for accompanists. This rate increase will help to make the Needham accompanists positions more competitive and desired.  |
| \$249    | Additional<br>Funding for<br>Medical<br>Supplies           | Needham High<br>School<br>Health/Nursing     | The cost of medical supplies has increased by 13.5% over two years, per the Health Research Institute. In order to continue to stock health offices with supplies, and over-the-counter medications, additional funds are needed.  |
|          | Replacement<br>Digital<br>Learning<br>Devices (Year        |  | This request is the third of three annual requests for \$200,000 to fund the replacement of digital learning devices (DLDs) purchased during the COVID-19 Pandemic for elementary students and other staff members. These devices, including iPads and laptops, were purchased in FY21 from federal Coronavirus Relief (CvRF) grant funds. In order to maintain and replace this equipment on an ongoing basis, the District requires a significant increase to the technology budget.  In FY24, when the new devices will reach the end of their 3-5 year useful life, the annual replacement cycle cost per year for DLDs and laptops will be \$1,216,646. In FY21, the Technology Department had \$625,000 to support replacement of these devices, creating an approximate \$600,000 funding gap. To bridge the gap, the Department proposed a three year plan to request the necessary funds of 200,000 per year. In FY22, \$200,000 was appropriated in first year funding. An additional \$100,000 (of a \$200,000 request) was funded in FY23, followed by a similar, planned request in FY24. The FY24 request for \$350,000 includes \$300,000 in planned replacement cycle funds plus an anticipated \$50,000 to cover the expected increase in the cost of these devices. If approved, the full \$650,000 would be   |
| \$12,500 | 2 of 3)  | High School                                  | appropriated to the school budget by FY24 for ongoing use.   |

| Item      | Request Title  | School /                            | Description   |
|-----------|--|-------------------------------------|---|
| Amount    | rioquest ricio   | Department                          | Sescription   |
|           |  |                                     | The High School Guidance Department consists of eight school counselors, four personal counselors, and four adjustment counselors and clinicians tied to specific programs at the school or working directly with students who receive counseling services on their IEP. It is a large staff, with varying needs and responsibilities that requires direct supervision and support by an onsite administrator, as we have this year with an Interim position. Under the K-12 model, the high school staff received adequate supervision and support, but the broader needs of the district and the attention appropriately paid there meant that the unique needs of the High School - transcript concerns, graduation requirements, post-high school stress an anxiety for students, student issues that reflect the older and more complicated development stages of the student body (interpersonal fights, self-harm, and hospitalization, responsibilities at home, etc) - were never being fully met, nor proactively programmed for. |
| \$139,095 | High School<br>Guidance<br>Department<br>Chair           | Needham High<br>School<br>Guidance  | This request creates a full-time High School Guidance Department Chair position to allow for more thorough support and programming for these level-specific needs, while providing missing support for our most challenging case management situations, leading our Student Support Team that provides the interventions for our most struggling learners, enhancing the communication between the school and families, and contributing to the SEL leadership at the high school and throughout the district.  |
| \$6,093   | Scale Adjustment to Varsity Coaching Stipends            | Needham High<br>School<br>Athletics | A disparity exists in how our varsity coaches are compensated for the time and work they put in to run a positive, inclusive and successful program. The current system compensates traditional sport coaches over newer sports, despite the fact that these coaches exert in the same level of effort and commitment as their colleagues. This request funds the second and final year of a salary adjustment to equalize stipends for all varsity coaches at \$6,550 (FY22), except for coaches whose compensation is already above this rate ("held harmless) and sports that run fewer than 5 days per week.  |
| \$1,921   | NHS Robotics<br>Assistant<br>Stipend (Cat<br>III)<br>NHS | Needham High<br>School              | The NHS Robotics Club serves approximately 60 students each year in grades 9-12. The students come together to form four different competing teams that take part in competitions against area schools, ultimately leading to a state championship competition. In order to oversee the robust group of students working on different projects, the club has relied on volunteers to provide the needed adult oversight. This request is to provide compensation for one additional assistant to serve in a formal capacity.  In the relatively short time of its existence, the NHS Ambassadors  |
| \$1,921   | Ambassadors<br>Advisor                                   | Needham High<br>School              | program has quickly become an essential element of our transition for new students to the community. The Ambassadors, a group of  |

|         | Stipend    |              | 100 or so juniors and seniors, who have demonstrated leadership       |
|---------|------------|--------------|---|

#### **Description:**

The district-level budget includes the following departments and accounts: the School Committee; the Superintendent; the Directors of Personnel, Student Development and Financial Operations; the Director of External Funding; District-wide Professional Development; the Employee Assistance Program; Staff 504 Accommodations; Sub Callers, Curriculum Development; General Supplies, Services & Equipment; the Production Center/Mail Room; Administrative Technology; Transportation; Student 504 Compliance; K-12 Attendance; the Science Center; Special Education Tuitions; Regular Education Tuitions; Translation & Interpretation Services and the Directors of Guidance & Psychology, Health/Nursing, Special Education, Educational Technology; Media and Digital Learning, Physical Education and Health, Fine and Performing Arts, and World Languages.

Sadie Stants, Coloring Book Page Design, Needham High School, Design &

#### **School Committee Budget Recommendation:**

The School Committee's district-level budget recommendation totals \$18,067,974, an increase of \$1,001,080 (5.9%) from FY Production 1 2022/23. This request includes a baseline budget of \$17,262,858, plus \$805,116 in net additional funding requests, which are detailed below. The \$17,262,858 baseline budget increases \$805,116 from the FY 2022/23 budget and represents the net impact of contractual salary increases (including steps, lanes, and cost of living adjustments) and net transfers out to other levels.

The School Committee's FY 2023/24 budget recommendation includes the following net additional funding requests:

|------------------|---|------------------|---|
|                  |   |                  | The Transportation Department regularly uses two-way  |
|                  |   |                  | radios to communicate with its drivers. The Department  |
|                  |   |                  | is in the process of upgrading its radios to allow for  |
|                  |   |                  | national coverage as well as passive GPS tracking. This   |
|                  | Pupil Transportation  | District         | upgrade requires a service contract; the quote provided is  |
| \$14,000         | Radio Service Contract  | Transportation   | for \$13,056, annually.   |
|                  |   |                  | The cost of special education out-of-district (OOD)   |
|                  |   |                  | transportation has increased significantly in the current   |
|                  |   |                  | year and is projected to remain consistently high for   |
|                  |   |                  | FY24. Although OOD ridership has remained relatively  |
|                  |   |                  | steady since FY20 (at 70-76 students), there are a larger   |
|                  |   |                  | number of students being transported as singleton riders  |
|                  |   |                  | than in the past, as well as students being transported   |
|                  |   |                  | longer distances, at higher rates. A 2% cost of living  |
|                  |   |                  | adjustment also is needed, per our contract.  |
|                  |   |                  | J   |
|                  | Special Education Out-  |                  | This request is for additional budget funds to meet the   |
|                  | of-District   |                  | anticipated FY24 OOD transportation budget expense of   |
|                  | Transportation Funding  | District         | \$1,755,102, which is approximately \$327,000 more than   |
| \$327,000        | Increase  | Transportation   | the \$1,428,145 budget allocation.  |
| , == , , , , , , |   |                  | Needham, like other school districts, finds it difficult to   |
|                  |   |                  | recruit new drivers. Although Needham made moves  |
|                  |   |                  | last year to improve the competitiveness of our position  |
|                  |   |                  | and safety bonus, as well as implementing one-time  |
|                  |   |                  | recruitment, retention and training incentives, the District  |
|                  |   |                  | continues to experience difficulty recruiting and retaining   |
|                  |   |                  | drivers. A recent survey of wages and benefits revealed   |
|                  |   |                  | that Needham's wages are much less competitive than   |
|                  |   |                  | they were a year ago, particularly for bus drivers. This  |
|                  |   |                  | request is to permanently adjust bus and van driver wages   |
|                  | Driver Recruitment &  | District         | to more competitive levels and to continue temporary  |
| \$45,259         | Retention Program   | Transportation   | recruitment bonuses during SY 2023-24.  |
| ψ13,239          | recention Frogram   | Transportation   | This request is for additional funds to staff Extended  |
|                  |   |                  | School Year (ESY) programs and services for eligible  |
|                  |   |                  | students with disabilities who require a longer school  |
|                  |   |                  | year to prevent significant regression of skills during   |
|                  |   |                  | prolonged school breaks. Based on the actual cost of  |
|                  |   |                  | ESY services during summer 2022, the department   |
|                  | Extended School Year  | District Special | anticipates a \$32,000 shortfall for FY24 that it hopes to  |
| \$32,000         | (ESY) Salaries  | Education        | fill through the budget process.  |
| ,,,,,,,,,        | , |                  | The district is obligated to address language barriers so   |
|                  |   |                  | that ELL students may participate meaningfully in   |
|                  |   |                  | schools' educational programs. This includes ensuring   |
|                  |   |                  | meaningful communication with Limited English   |
|                  |   |                  | Proficient (LEP) parents/guardians. Current costs for   |
|                  |   |                  | translation and interpretation (\$40,300) exceed the budget   |
|                  |   | District         | of \$38,800 by \$1,500. This request is to increase the   |
|                  | Translation/  | Translation/     | budget by \$1,500 to meet existing and anticipated  |
| \$1,500          | Interpretation Services   | Interpretation   | translation and interpretation services needs.  |
| 71,000           |   |                  | The District has been piloting the use of a subscription  |
|                  |   |                  | survey tool to assist with the biannual District Survey as  |
|                  |   |                  | well as to provide an all-in-one data platform that pulls   |
|                  |   |                  | key student information into one spot and provides a  |
|                  |   |                  | visual dashboard for reporting purposes. The survey data  |
|                  |   | District         | allows the district to hear from students, staff, and   |
|                  | Survey Tool   | Superintendent   | families regarding their experiences in the Needham   |
| \$22,000         | Subscription  | Office           | Public Schools and helps to identify goals and monitor  |

|          |                         |                  | to support the Summer Bridge Program for students who                    |
|          |                         |                  | need targeted support in math and literacy. In the summer                |
|          |                         |                  | of 2022, the Summer Bridge Program employed roughly                      |
|          |                         |                  | 28 staff members in the 4 week program. The program                      |
|          |                         | District         | served about 125 students, or three classrooms per grade                 |
|          |                         | Summer           | level. Half of the amount required was awarded in FY23                   |
|          | Summer Bridge Program   | Bridges          | (supplemented by donations); this request is for the other               |
| \$37,740 | Staff                   | Program          | half.  |
| . ,      |                         |                  | This request is to provide additional funding for special                |
|          |                         |                  | education professional services based on anticipated                     |
|          |                         |                  | needs. Costs have increased due to the need to fill special              |
|          |                         |                  | education positions through contractual agencies due to                  |
|          |                         |                  | challenges with staffing shortages. In FY23, the cost of                 |
|          |                         |                  | using staffing agencies to fill key positions is                         |
|          |                         |                  | approximately \$120,000; this amount is projected to be                  |
|          |                         |                  | \$60,000 in FY24. Additionally, students with complex                    |
|          |                         |                  | profiles requiring related services such as transportation               |
|          |                         |                  | nurse, vision, hearing, mobility, and augmentative                       |
|          |                         | District Special | communication services receive these services through                    |
|          |                         | Education        | agencies specializing in these services. Finally, any                    |
|          | Special Education       | Professional     | comprehensive student or program evaluations that are                    |
| \$60,000 | Professional Services   | Services         | needed would be funded under this cost center.                           |
|          |                         |                  | Every summer, it is challenging to attract and retain                    |
|          | Increase Summer ESY     | District Special | teaching assistants for summer programming, particularly                 |
|          | Teaching Assistant Wage | Education        | when many other summer programs run and are trying to                    |
|          | for Recruitment and     | Summer           | attract talent. This proposal increases the minimum rate                 |
| \$5,238  | Retention               | Services         | for teaching assistants worked in ESY to \$20 per hour.                  |
|          |                         |                  | Over the past two years, the cost of home hospital                       |
|          |                         |                  | services has increased. An increased number of students                  |
|          |                         |                  | require these services (often referred to as tutoring)                   |
|          |                         |                  | primarily due to mental health hospitalization. Students                 |
|          |                         |                  | are also remaining hospitalized or out of school for                     |
|          |                         |                  | longer periods of time. The District is obligated to                     |
|          |                         |                  | provide home hospital educational services for any                       |
|          |                         |                  | student who must remain at home or in a hospital setting                 |
|          | Regular and Special     | District Home /  | for not less than fourteen days in any school year.                      |
|          | Education Home          | Hospital         | Additionally, students with IEPs must also have IEP                      |
| \$24,393 | Hospital Services       | Tutoring         | services arranged during time they are unable to attend                  |

|         |                         |             | school. This request provides the required additional       |
|---------|-------------------------|-------------|---|
|         |                         |             | funds to meet these costs.                                  |
|         |                         |             | Needham has experienced tremendous difficulty over the      |
|         |                         |             | past few years recruiting substitutes and filling teacher   |
|         |                         |             | vacancies. This request is to increase the sub rate in      |
|         |                         |             | multiple categories to remain competitive with our          |
|         |                         |             | comparison communities. In addition, the request            |
|         |                         | District    | proposes to pay retired teachers at the long-term sub rate, |
| \$3,136 | Substitute Teacher Wage | Substitutes | as a way to incentivize retirees to become substitutes.     |

### • \$956,247 Subtotal Level Service Budget Increases

### **Program Improvement Increases:**

| Item     | <b>Request Title</b>  | School /  | Description  |
|----------|---|---|--|
| Amount   | _   | Department  |  |
|          |   |   | The Summer Bridges program offers students a chance to remediate and catch up with their peers, so that they can accelerate when the school year begins in late August. However, for many students to attend the program, they need transportation - and without it, they are unable to get to school. This request is for school buses for students to attend the Summer Bridges program in Summer 2023 and beyond.   |
| \$26,638 | Transportation for Summer Bridges   | District<br>Summer<br>Bridges                       | This request includes the cost of 2 Needham buses and 1 Boston bus for 19 days, the latter of which would include the cost of a bus monitor. This would provide transportation for 123 students (enrollment in Summer 2022).   |
| \$468    | Increased District<br>Health Office<br>Supply Budget  | District<br>Health/Nursing                          | Additional money is needed for the purchase of office supplies to prepare graduate records. Previously, schools had provided office supplies for health services. Several schools have requested that Health Services purchase its own supplies. As such, the department requires additional funds beyond its existing \$132 office supply budget to prepare seniors' records with the required confidential supplies. |
| Ψ100     | Convert   | Treatmy Treatmg                                     | This request would provide for the creation of a Lead  |
| \$8,570  | Computer<br>Technician to<br>Lead Technician  | District Admin. Technology                          | Information Technology Technician in the Department. This request must be collectively bargained in the Unit D contract for FY24.  |
| \$1,750  | Professional Development: Interculturality, Hispanohablante culture(s) and Francophone culture(s) | District World<br>Languages                         | This request is for funds to provide teacher professional development in the areas of Afro-Latinidad cultures, Francophone cultures of Maghreb, and modern pronoun usage in gendered romance languages.  |
| \$1,300  | Increase Summer<br>Nurse Rate for<br>ESY  | District Special<br>Education<br>Summer<br>Services | This request is to increase the rate of pay for summer nurses. It has been difficult to recruit nurses for ESY, which currently pays \$48.96/hour, when it is possible to earn significantly higher wages elsewhere. This request increases the nurse rate to that already paid to speech language pathologists, occupational therapists, physical therapists, Wilson instructors, and BCBAs, or \$56.22/hour (FY23).  |
|          | Second Shift  | District Admin.                                     | There is a growing need to provide a second shift differential for   |
| \$4,285  | Differential ITS  | Technology  | technicians who work in the evenings and after hours. In this  |

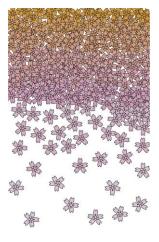

|         | Technology        |                  | current job market, it is difficult to find qualified applicants   |
|---------|-------------------|------------------|--|
|         | Technician        |                  | willing to work a second shift. Payment of this differential would |
|         |                   |                  | need to be negotiated with the Union or a new position created     |
|         |                   |                  | outside of the bargaining unit. This request would provide the     |
|         |                   |                  | funding necessary to implement this payment.                       |
|         |                   |                  | Special Education and 504 Accommodation Programs require a         |
|         |                   |                  | secure, web-based management system for planning, reporting,       |
|         |                   |                  | monitoring, and archiving student data in compliance with all      |
|         |                   |                  | federal and state mandated regulations. Currently, the District    |
|         | Special Education |                  | uses eStar for special education and does not yet have a           |
|         | and 504           |                  | management system for the 504 process. This request would          |
|         | Management        | District Student | allow the District to transition to one unified system of special  |
|         | System            | Support          | education and 504 management that would also integrate with        |
| \$7,500 | Implementation    | Services         | the district's student information system.                         |

### • \$50,511 Subtotal Program Improvement Increases

### **Program Reductions:**

| Item       | Request       | School /       | Description   |
|------------|---------------|----------------|---|
| Amount     | Title         | Department     | _   |
|            | Reallocate    |                |   |
|            | Funding for   |                |   |
|            | COVID-19 PPE  | District       | In FY22, the School Department received \$180,000 in recurring  |
|            | and Cleaning/ | General        | funds for COVID-19 PPE and cleaning/ sanitizing supplies. These |
|            | Sanitizing    | Supplies and   | funds are no longer being used and should be reallocated to     |
| -\$180,000 | Supplies      | Services       | another purpose.  |
|            |               | District Fine  |   |
|            | FTE and       | and            |   |
|            | Budget        | Performing     | This request is a net zero FTE adjustment with the Fine and     |
| -\$3,873   | Adjustment    | Arts           | Performing Arts Department with a net decrease of \$3,873.      |
|            | NCE           | District       |   |
|            | Community     | Superintendent | This adjustment is made to more accurately reflect program      |
| -\$17,769  | Education     | Office         | staffing.   |
